

We Feature Florsheim's

YOU'LL be interested in seeing the new styles in men's shoes for this season—they are most unusual—extreme lasts, novelty patterns, cloth and fancy tops—none so radical but the most critical can be pleased.

Now is the time to select your Spring Shoes—no matter the style, we have it; our stock is complete.

☐ Cloth tops are popular for this season's wear, and will be worn by the most conservative well dressed men. In Florsheims we show only the finest imported box cloths and genuine buckskins, priced at \$6 and \$7.

☐ More men come to us regularly each season, knowing that we have anticipated their preferences in style and are prepared with sizes in The Florsheim Shoe, the shoe for the man who cares.

☐ The service rendered by a Florsheim \$5 to \$7 shoe, its style, and "Natural Shape" comfort will prove to you most favorably why so many men always wear it.
